

CERAKLES CR

Special self-shining emulsion
for wood floors

CHARACTERISTICS

Acrylic concentrated polisher specially formulated for polishing wooden floors, parquet and cork. CERAKLES CR is a very effective polymer emulsion with a high content of active matter.

Self-shining, non-slip, and maximum resistance to traffic and washing, suitable for polishing and protect all surfaces that might get damaged by conventional aqueous cleaners. Returns its brightness and original appearance to the treated surfaces, protecting them from scuffs, footprints, humidity, etc.

HOW TO USE

With an easy and convenient application, it is used pure on a clean surface, applying a crossed- direction second pass after 60 minutes. Acquires the maximum hardness at 12 hours after application. Allows to retouch or reapply in high traffic areas.

Do not store below 10 ° C.

PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Opaque liquid
Colour	White
Odour	Odourless
pH (10%)	8.6
Density (20°C)	1021 kg/m ³ .
Water solubility	It forms an emulsion

PRESENTATION

Container of 5 and 10 litres.

PRECAUTION

Hazard statements: Non-applicable.

Supplementary information: EUH208: Contains Mixture of: 5-chloro-2-methyl-4-isothiazolin-3-one and 2-methyl-2H -isothiazol-3-one (3:1). May produce an allergic reaction. Do not ingest. Keep out of the reach of children. In case of accident, consult to the Medical Service of Toxicological Information tel. 0034 915620420.

ADDITIONAL INFORMATION

While the above information is correct to our criteria, as the conditions of use of the product are beyond our control, we disclaim any responsibility for incorrect use of the product.
