

CONCENTRADO C-9

Manual dishwasher
Concentrate product
1:10 DILUTION

CHARACTERISTICS

Product of high concentration. Manual washing detergent for dishes, glassware, kitchen utensils and other washable surfaces. It has a neutral pH and contains softeners for the hands protection, leaving the skin smooth, combined with a pleasant citric aroma. Of great degreaser power and foam, it facilitates a fast dried.

HOW TO USE

Not to use without diluting. In order to obtain the wished dishwasher, dilute it in water at proportion 1:10. Once made the dilution and obtained the dishwasher, it will be used of the habitual way: Dilute a small amount of product 5-10 ml by litter of water. In case of resistant dirt, spill a small amount directly on scourer. Finally, rinse with water.
