

CONCENTRADO C-5

Descaling acid cleaner / Concentrated Product
1:20 WATER DILUTION

CHARACTERISTICS

Special product of high concentration. Formulated like descaling cleaner. It is indicated for the cleaning of chalky residue, soap and dirt in the bathroom: bathtubs, toilets, bidets, sinks, faucets, countertops, etc. In the recommended use dilutions, it is not aggressive with chrome or metal surfaces.

HOW TO USE

Do not to use without diluting. In order to obtain the wished scale remover, dilute it in water at proportion 1:20. Example: 250 ml (1 glass) of product, to obtain 5 litres of cleaner preparation to use.

Once realised the dilution and obtained the scale remover, it will be used of the habitual way: applying on the surface to be cleaned, leaving it on for a few seconds, then wiping with cloth or brush, rinsing thoroughly with water.

PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Liquid
Colour	Green
Odour	Odourless
pH (10%)	1.3
Density (20°C)	1523 kg/m ³ .
Water solubility	Soluble in water

PRESENTATION

Containers of 250 ml, 1.5 and 5 litres

PRECAUTION

Danger

Hazard indications: Skin Corr. 1B: H314 - Causes severe skin burns and eye damage.

Cautionary advice: P280: Wear protective gloves/protective clothing/eye protection/face protection. P301+P330+P331: IF SWALLOWED: rinse mouth. Do NOT induce vomiting. P303+P361+P353: IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. P304+P340: IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P310: Immediately call a POISON CENTER or doctor/physician. Do not ingest. Keep out of the reach of children. In case of accident, consult the Medical Service of Toxicological Information Tel. 0034 915620420.

Substances that contribute to the classification: Phosphoric Acid; 1-Propanaminium, 3-amino-N-(carboxymethyl)-N,N-dimethyl-, N-(C12-18(even numbered) acyl) derivs., hydroxides, inner salts.

ADDITIONAL INFORMATION

While the above information is correct to our criteria, as the conditions of use of the product are beyond our control, we disclaim any responsibility for incorrect use of the product.
