

CONCENTRADO C-8

Perfumed deodorizer cleaner / Concentrated product
1:20 WATER DILUTION

CHARACTERISTICS

Product of high concentration. Specific cleansing and deodorizing formulation that is suitable for application on any type of washable surface that requires thorough and total cleaning.

Due to its high power with total cleaning, it is very effective in showers, saunas, public toilets, etc., and in those applications in which the maximum degree of cleaning is required.

Thanks to its particular characteristics, it cleans even in difficult areas and floors.

HOW TO USE

Do not to use without diluting. In order to obtain the wished cleaner, dilute it in water at proportion 1:20. Example: 250 ml (1 glass) of product, to obtain 5 litres of cleaner preparation to use. Once realised the dilution and obtained the cleaner, it will be used of the habitual way: applying it diluted in water, normally 200 ml of product in a bucket of 10 l of water. Apply manually with mop, floorcloth or sponge or sprayed on the surface and let it dry. For difficult dirt the dose can be doubled.

Don't apply it on food nor kitchens utensils. Don't apply it on surfaces where foodstuffs are manipulated, prepared, served or consumed.

PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Liquid
Colour	Red
Odour	Pleasant
pH (10 %)	7.4
Density (20 °C)	900 kg/m ³
Water solubility	Soluble in water

PRESENTATION

Containers of 250 ml, 1.5 and 5 litres

PRECAUTION

Danger

Hazard indications: Acute Tox. 4: H302 - Harmful if swallowed. Aquatic Acute 1: H400 - Very toxic to aquatic life. Skin Corr. 1B: H314 - Causes severe skin burns and eye damage.

Cautionary advice: P280: Wear protective gloves/protective clothing/eye protection/face protection. P301+P330+P331: IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. P303+P361+P353: IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water or shower. P304+P340: IF INHALED: Remove person to fresh air and keep comfortable for breathing. P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P501: Dispose of the contents/containers in accordance with the current legislation on waste treatment.

Supplementary information: Do not ingest. Keep out of reach of children. In case of accident, consult the Medical Service of Toxicological Information Tel. 0034 915620420.

Contains: Ethoxylated Undecyl Alcohol; Quaternary ammonium compounds, benzyl-C12-16-alkyldimethyl, chlorides; Allyl heptanoate.

ADDITIONAL INFORMATION

While the above information is correct to our criteria, as the conditions of use of the product are beyond our control, we disclaim any responsibility for incorrect use of the product.
