

## DEFORT DC ACIDO

### Acid floor stripper

#### CHARACTERISTICS

Strong paint stripper and scale remover for all kind of floors, which prepares the surfaces for further vitrify treatment. It removes and eliminates lime scale, plaster, cement, rust and dirt that could alter the vitrify process.

1 litre can treat between 40-50 m<sup>2</sup>, depending on floor porosity and dirt.

#### HOW TO USE

Apply it diluted in water in a proportion between 5-10 %, depending on the dirt, scale and quality of the floor. Treat small areas with scrubber or rotary machine, using black or brown dial, rising quickly with plenty of water to avoid prolonged contact of the product on the surface. To reduce this contact time, it is advisable to perform the treatment by two people, while one apply the product, the other can go rising the treated area. It is very important the complete elimination of the paint stripper. Its residues can affect the subsequent polishing treatment.

Avoid direct contact of the product or its vapours with all kinds of metals, since it can cause oxidation.

#### PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Liquid
Colour	Reddish
Odour	Odourless
pH (10%)	0.6
Density (20°C)	1110 kg/m <sup>3</sup> .
Water solubility	Soluble in water

#### PRESENTATION

5 litres container

#### PRECAUTION

Danger

**Hazard statements:** Skin Corr. 1A: H314 - Causes severe skin burns and eye damage. STOT SE 3: H335 - May cause respiratory irritation.

**Precautionary statements:** P280: Wear protective gloves/protective clothing/eye protection/face protection. P301+P330+P331: IF SWALLOWED: rinse mouth. Do NOT induce vomiting. P303+P361+P353: IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. P304+P340: IF INHALED: Remove person to fresh air and keep comfortable for breathing. P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P501: Dispose of contents and / or containers in accordance with regulations on hazardous waste or packaging and packaging waste respectively. Do not ingest. Keep out of the reach of children. In case of accident, consult to the Medical Service of Toxicological Information Tel. 0034 915620420.

**Substances that contribute to the classification:** Hydrochloric acid.

#### ADDITIONAL INFORMATION
