

**DELENEX AB ECO-P**  
Automatic dishwasher rinse aid

**CHARACTERISTICS**

Additive for the rinse water in machines and tunnels of automatic dishwashing, for any water hardness. It provides fast drying and shining, avoiding the formation of films and chalky stains on washed objects.

**HOW TO USE**

Connect the container directly into the circuit of the machine, dosing from 0.2 g per litre of water, increasing the dose proportionally to the hardness of the water. It is recommended to work at a temperature between 80-90°C and follow the instructions of the machine.

**PHYSICAL AND CHEMICAL PROPERTIES**

Appearance	Transparent liquid
Colour	Blue
Odour	Odourless
pH	2.45
Density (20°C)	1013 kg/m <sup>3</sup>
Water solubility	Easily soluble in water

**PRESENTATION**

5, 10 and 20 litres container

**PRECAUTION**

**Supplementary information:** EUH210: Safety data sheet available on request. Do not ingest. Keep out of the reach of children. In case of accident, consult to the Medical Service of Toxicological Information Tel. 0034 915 620 420.

**ADDITIONAL INFORMATION**

While the above information is correct to our criteria, as the conditions of use of the product are beyond our control, we disclaim any responsibility for incorrect use of the product.
