

DELENEX ATB

Manual dishwasher maximum efficiency

CHARACTERISTICS

DELENEX ATB is a particular and specific high performance manual dishwasher formulated for cleaning in food industry. Especially useful in kitchens of catering industry for washing dishes, glassware, utensils, work surfaces, machinery, etc. and where a total and maximum efficiency cleaning is required that usual products do not perform.

It has a high viscosity, neutral pH and softeners to protect the skin, without drying out and leaving it smooth and soft, with a pleasant clean aroma. With abundant foam and high degreasing power, removes dirt quickly and facilitates rapid drying guarantees a shine without traces.

HOW TO USE

Due to its high concentration can be used in small doses, obtaining abundant foam and an excellent performance. It is used by dissolving a small amount of product, between 3-10 ml per liter of water, depending on the hardness of the water. In case of stubborn dirt, pour a small amount directly onto the scouring pad or sponge. Rinse with plenty of water.

PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Viscous liquid
Colour	Blue
Odour	Characteristic
pH	6
Density (20°C)	1030 kg/m ³
Water solubility	Soluble in cold water

PRESENTATION

1 and 5 litres container

PRECAUTION

Warning

Hazard statements: Eye Irrit. 2: H319 - Causes serious eye irritation.
Precautionary statements: P264: Wash thoroughly after handling. P280: Wear protective gloves/protective clothing/eye protection/face protection. P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P337+P313: If eye irritation persists: Get medical advice/attention.
Supplementary information: EUH208: Contains Glutaral, Reaction mass of: 5-chloro-2-methyl-4-isothiazolin-3-one and 2-methyl-2H -isothiazol-3-one (3:1). May produce an allergic reaction. Keep out of reach of children. Before using the product, read the label carefully. Do not ingest. In case of accident, consult to the Medical Service of Toxicological Information Tel. 0034 915620420.

ADDITIONAL INFORMATION

While the above information is correct to our criteria, as the conditions of use of the product are beyond our control, we disclaim any responsibility for incorrect use of the product.
