

DELENEX HS

Automatic dishwasher chlorinated

CHARACTERISTICS

Alkaline foam controlled liquid detergent with great cleaning degreaser and deodorant power due its chlorine content.

Special formulation with high chlorine content, high alkalinity agent's, lime sequestrants and saponifying power, DELENEX HS gives a great power of cleaning, bleaching, deodorization and degrease, removes all dirt, organic waste and pigmentation spots caused by food remains, whether they are dairy, protein, coffee, tea, wine, etc. and achieving total hygiene.

Thanks to its sequestering effect, prevents scale deposits in the machine and objects to be cleaned.

HOW TO USE

Manually or automatically dose the product in the washing bathroom with 2-4 ml per litre of soft or semi-hard water, gradually increasing the dose proportionally to the increase in the hardness or degree of soiling.

It is recommended to work at a temperature between 55-65 °C and follow the instructions of the machine.

PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Transparent liquid
Colour	Yellowish
Odour	Odourless
pH (10%)	13
Density (20°C)	1195 kg/m ³
Water solubility	Easily soluble in water

PRESENTATION

10 and 20 litres container
