

DERMEX H-940

Gel moisturizer for hands and body

CHARACTERISTICS

The cream protects, cares, moisturizes and deeply nourishes the skin of the whole body, giving it elasticity, firmness and softness.

Contains Aloe Vera, glycerin and other specific substances that help natural regeneration of the skin, keeping it smooth and soft, preventing dryness and roughness.

Fast and easy absorption, spreads easily without leaving any greasy film bothers.

HOW TO USE

Apply the cream on the skin clean and dry, then rub gently until completely absorbed. It should be used before any lengthy breaks and after finishing the workday.

Cosmetic Authorization N°: 10037CS
