Data sheet

DERMEX HM

Hand oxygenated cleaner

CHARACTERISTICS

DERMEX HM is a cleaning and deodorizing solution for hands, formulated on the basis of hydrogen peroxide, easy to apply and without the need for rinsing with water.

It is indicated to be used in cases where a cleaning with rinsing is not possible.

The advantages of active oxygen include that it is not unpleasant or corrosive, nor is it harmful to the environment.

HOW TO USE

Use the pure product applying about 3 ml on the clean hands, spread and rub on the skin for at least 30 seconds until completely evaporating.
