

DETIAL D-70
Non-foaming deodorizing cleaner.
CIP circuits

CHARACTERISTICS

DETIAL D-70 is a non-foaming deodorizing cleaner with an oxidizing nature formulated with peracetic acid, indicated for C.I.P. equipment. It acts on organic matter eliminating the remains and thoroughly cleaning the surfaces and equipment on which it is applied.

In normal use concentrations it is odourless. It is compatible with most materials such as Teflon, polyethylene, stainless steel, tinned iron and polystyrene. It is very effective in hard water or high salt content water. Completely biodegradable, it does not affect the performance of effluent treatment plants. Suitable for treatment of surfaces and equipment in which a total cleaning and maximum efficiency in the Food Industry is required: sanitation filling lines, tanks storage, piping, filtration systems, C.I.P. circuits, etc.

HOW TO USE

Dilute the product in water between 0.2% and 0.5% at a room temperature and up to 40°C. Apply the dilution with a spray, washing, immersion or circuits.

PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Liquid
Colour	Colourless
Odour	Spicy
pH	2
Density (20 °C)	1100 kg/m ³
Water solubility	Soluble in water

PRESENTATION

23 litres container

PRECAUTION

Danger

Hazard statements: Flam. Liq. 3: H226 - Flammable liquid and vapour. Org. Perox. F: H242 - Heating may cause a fire. Skin Corr. 1: H314 - Causes severe skin burns and eye damage. STOT SE 3: H335 - May cause respiratory irritation.

Precautionary statements: P210: Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. P280: Wear protective gloves/protective clothing/eye protection/face protection. P301+P330+P331: IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. P303+P361+P353: IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water or shower. P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P370+P378: In case of fire: Use ABC powder extinguisher to extinguish.

Before using the product read the label carefully. Do not ingest. Keep out of the reach of children. In case of accident, consult to the Medical Service of Toxicological Information Tel. 0034 915620420.

Substances that contribute to the classification: Hydrogen peroxide, acetic acid and peracetic acid.

ADDITIONAL INFORMATION

While the above information is correct to our criteria, as the conditions of use of the product are beyond our control, we disclaim any responsibility for incorrect use of the product.
