

## HIPOCLORITO DW

Treatment of potable water

### CHARACTERISTICS

Aqueous solution of sodium hypochlorite with 150 g/l of active chlorine. It fulfils norm UNE-EN 901:2013, as it establishes the Directive 98/83/CE on substances used for the treatment of waters destined to the human consumption.

**Storage conditions:** Chlorine degrades easily, so store it in a cool place, protected from light and for the shortest time possible.

### HOW TO USE

Dose about 4 g of HIPOCLORITO DW by each 1000 l of water, in automatic and homogenous form. In any case the dosage will be regulated to assure minimum content residual free chlorine of 0.4 mg/l measured in the supply point of the consumer.

### PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Transparent liquid
Colour	Yellowish
Odour	Chlorine
pH	12
Density (20 °C)	1235 kg/m <sup>3</sup>
Solubility	Easily soluble in water

### PRESENTATION

10 and 20 litres container

### PRECAUTION

Danger

**Hazard statements:** Skin Corr. 1B: H314 - Causes severe skin burns and eye damage. Aquatic Acute 1: H400 - Very toxic to aquatic life. Aquatic Chronic 2: H411 - Toxic to aquatic life with long lasting effects. Met. Corr. 1: H290 - May be corrosive to metals.

**Precautionary statements:** P280: Wear protective gloves/protective clothing/eye protection/face protection. P301+P330+P331: IF SWALLOWED: rinse mouth. Do NOT induce vomiting. P303+P361+P353: IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water or shower. P304+P340: IF INHALED: Remove person to fresh air and keep comfortable for breathing. P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P501 Dispose of the contents/containers in accordance with the current legislation on waste treatment

**Supplementary information:** EUH031: Contact with acids liberates toxic gas. Read the label carefully before using the product. Do not ingest. Keep out of reach of children. In case of accident, consult the Medical Service of Toxicological Information Tel. 0034 915 620 420.

**Substances that contribute to the classification:** Sodium hypochlorite, solution 10% < Cl < 20%.

### ADDITIONAL INFORMATION

While the above information is correct to our criteria, as the conditions of use of the product are beyond our control, we disclaim any responsibility for incorrect use of the product.
