

KENEX F

Ink, stain and graffiti remover for non-porous surfaces

CHARACTERISTICS

Very concentrated degreaser and cleaner with great performance, specially formulated to remove grease and ink. It's a versatile degreaser since it removes the most stubborn grease from all kinds of washable and non porous surfaces, such as kitchens, ovens, floors, walls, fabrics, machinery, utensils, etc. Suitable for the food industry.

It is also very effective to remove ink stains from tables and office furniture in schools, banks, businesses, etc.

HOW TO USE

Ink and stain - Use pure or diluted in water, depending on the severity of the stain or incrustation. Spray directly over the surface or stain, leave on for a few seconds, then rub with a cloth or cellulose towel. In the food industry, rinse with drinking water until eliminated. Due to its cleaning power, the need of rubbing is minimised.

Grffiti - Pulverize it undiluted on the surface to clean and rub vigorously with a brush or sponge, being aware to the type of surface to avoid scratching. Rinse with pressure washer machine and hot water if possible.

PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Liquid
Colour	Yellow
Odour	Odourless
pH (10 %)	12
Density (20 °C)	1000 kg/m ³
Solubility	Soluble in water

PRESENTATION

750 ml, 5 and 10 litres containers

PRECAUTIONS

Danger

Hazard statements: Skin Corr. 1: H314 – Causes severe skin burns and eye damage.

Precautionary statements: P280: Wear protective gloves/protective clothing/eye protection/face protection. P301+P330+P331: IF SWALLOWED: rinse mouth. Do NOT induce vomiting.
