

KENEX HT-130

Low alkalinity deodorizer degreaser

CHARACTERISTICS

Low alkalinity specific degreasing and deodorizing cleaner indicated for the cleaning of stubborn dirt and grease.

It is specially formulated for the food industry, indicated in those applications in which a thorough cleaning is required and that common cleaners do not perform.

Its special formulation makes it suitable for the cleaning and degrease of delicate surfaces, such as aluminium, plastics or materials that are affected by other degreasers.

HOW TO USE

Spray the product pure directly on the surface to be cleaned, let it act for a few seconds and remove it with a cloth or cellulose. Use it carefully when using it on painted or enamelled surfaces. It can be used by immersion.

PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Transparent liquid
Colour	Greenish
Odour	Glicol
pH	12
Density (20°C)	1005 kg/m ³
Solubility	Easily soluble in water

PRESENTATION

750 ml and 5 litres containers

PRECAUTIONS

Hazard statements: Eye Dam. 1: H318 - Causes serious eye damage. Skin Irrit. 2: Causes skin irritation
