

KENEX BS-200

Low alkaline degreaser

CHARACTERISTICS

It is odourless and does not give off obnoxious fumes, increasing their cleaning power on hot surfaces. Its special formulation makes it suitable for cleaning of sensitive surfaces such as aluminium or plastic, materials that are affected by other degreasers.

HOW TO USE

Spray the pure or diluted product with water straight on the surface to be cleaned, leave for a few seconds and remove dirt with a cloth or cellulose. By clearing plates and ovens, use pure and warm. Use caution when using on painted or enamelled surfaces. Can be used for cleaning by immersion of parts.

PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Transparent liquid
Colour	Pink
Odour	Characteristic
pH (10%)	11.4
Density (20°C)	1015 kg/m ³
Solubility	Soluble in water

PRESENTATION

750ml , 5, 10 and 20 litres containers

PRECAUTIONS

Danger

Hazard statements: Eye Dam. 1: H318 - Causes serious eye damage. Skin Irrit. 2: H315 - Causes skin irritation.

Precautionary statements: P264: Wash thoroughly after use. P280: Wear protective gloves/protective clothing/eye protection/face protection. P302+P352: IF ON SKIN: Wash with plenty of water. P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P310 Immediately call a POISON CENTER or doctor/physician. P332+P313: If skin irritation occurs: Get medical advice/attention. Do not ingest. Keep out of the reach of children. In case of accident, consult to the Medical Service of Toxicological Information Tel. 0034 915620420.

Substances that contribute to the classification: 2-aminoethanol; Ethoxylated Undecyl Alcohol.

ADDITIONAL INFORMATION

While the above information is correct to our criteria, as the conditions of use of the product are beyond our control, we disclaim any responsibility for incorrect use of the product.
