

KENEX FRYER

Cleansing tablets for fryers and self-cleaning convection ovens

CHARACTERISTICS

KENEX FRYER tablets are formulated with high concentration of specially degreasing, high-performance components for cleaning of fryers and self-cleaning convection ovens in the Food Industry.

They easily remove the fatty residues embedded by the continuous reheating of the oil, by splashing in the ovens and the solid remains of the food used in the frying.

The system of application of the tablets allows a comfortable, fast and effective cleaning with respect to other conventional products for this type of cleaning and degreasing.

Thanks to its concentrated formulation they are very economical in their use for users and are individually protected to avoid contact with the skin.

HOW TO USE

Fryers: Turn off the fryer and remove the oil in a suitable container. Remove the residues that may contain and fill it with water up to its maximum level, introducing 1 tablet of KENEX FRYER for every 6-7 liters of water, connecting it again and heating up to 90-100 °C. It is not necessary to remove the baskets.

Leave the product to work for 20 or 30 minutes, turn off the fryer and drain the water from the washing bath, then rinse with plenty of water and let it dry.

Convection ovens: Always following the instructions of the oven manufacturer and depending on the dirt of the oven and the selected washing program, place 1 to 3 tablets in the indicated container and operate the oven cleaner program, obtaining optimal results of cleaning and without product remains that may interfere with the aroma or flavour of the food.

PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Solid / Tablet
Colour	White
Odour	Odourless
pH	12.5
Density (20°C)	2461 kg/m ³
Solubility	Soluble in water

PRESENTATION CONATINER

2 kilos containers of 100 tablets

PRECAUTIONS

Danger

Hazard statements: Eye Dam. 1: H318 - Causes serious eye damage. Skin Irrit. 2: H315 - Causes skin irritation. STOT SE 3: H335 - May cause respiratory irritation.

Precautionary statements: P280: Wear protective gloves/protective clothing/eye protection/face protection. P302+P352: IF ON SKIN: Wash with plenty of water.
