

KLARAN GRANULADO
Bactericidal in grain for swimming pools

CHARACTERISTICS

Slow dissolve granulated chlorine for the disinfection and maintenance treatment of swimming pools water.

Microbiological properties on chemical disinfectants and antiseptics and standards that meet: Standard UNE-EN 1040:2006, for the evaluation of bactericidal activity.

HOW TO USE

Initial treatment: Chlorinate the pool at 3 g per m³ capacity of the pool the first day, dividing this amount equally among the pool skimmers, by putting the cleaner into operation.

Maintenance: Chlorinate daily and evening with 1,5 g per m³, continually adding to control the chlorine level, keeping it in their appropriate levels, between 0.6-1 ppm for private pools, and between 1-15 ppm in public pools. At very high temperatures, most bathers, storms, etc., increasing doses of chlorine in a controlled manner.

Rinse vigorously three times each package you use, pouring washing water to the pool.

Do not use in any case in the presence of bathers.

Application by professional staff.

Number of R.D.G.S.P. approval: 18-60-09323

PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Granular solid
Colour	White
Odour	Chlorine
pH	3
Density (20 °C)	1034 kg/m ³
Solubility	Soluble in water

PRESENTATION

5 kg containers

PRECAUTIONS

Danger

Hazard statements: Ox. Sol. 2: H272 - May intensify fire, oxidiser. Acute Tox. 4: H302 - Harmful if swallowed. Aquatic Chronic 1: H410 - Very toxic to aquatic life with long lasting effects. Eye Irrit. 2: H319 - Causes serious eye irritation. STOT SE 3: H335 - May cause respiratory. EUH031: Contact with acids liberates toxic gas.

Precautionary statements: P210: Take any precaution to avoid mixing with combustibles. P261: Avoid breathing dust/fume/gas/mist/vapours/spray. P264: Wash thoroughly after handling. P270: Do not eat, drink or smoke when using this product. P273: Avoid release to the environment. P280: Wear protective gloves/protective clothing/eye protection/face protection. P370+P378: In case of fire: Use ABC powder extinguisher to extinguish. P391: Collect spillage. P403+P233+P102+P405: Store in a well-ventilated place. Keep container tightly closed. Keep out of reach of children. Store locked up. P501: Dispose of contents/container in accordance with local/regional/national/international regulation. Do not ingest. In case of accident, consult the Medical Service of Toxicological Information Tel. 0034 915 620 420.

Contains: 100 % Symclosene.

ADDITIONAL INFORMATION

While the above information is correct to our criteria, as the conditions of use of the product are beyond our control, we disclaim any responsibility for incorrect use of the product.
