

## KLARAN TABLETAS

### Bactericide tablets for swimming pools

#### CHARACTERISTICS

Chlorine in slow dissolving tablets for the disinfection and maintenance treatment of swimming pools water.

Microbiological properties on chemical disinfectants and antiseptics and standards that meet: Standard UNE-EN 1040:2006, for the evaluation of bactericidal activity.

#### HOW TO USE

**Initial treatment:** Deal by skimmers pool, a tablet of chlorine per 25000 liters of water by putting the cleaner into operation.

**Maintenance:** Replace the pads when they have been dissolved, continually adding to control the chlorine level, keeping it in their appropriate levels, between 0.6-1 ppm for private pools, and between 1-15 ppm in public pools. Keep water pH 7.2-7.6. At very high temperatures, most bathers, storms, etc., increasing doses of chlorine in a controlled manner.

Rinse vigorously three times each package you use, pouring washing water to the pool.

Application by the general public and/or by professional staff.

**Number of R.D.G.S.P. approval:** 18-60-09322

#### PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Solid tablets 200 g
Colour	White
Odour	Chlorine
pH (1 %)	3
Density (20 °C)	Non-applicable
Solubility	Soluble in water

#### PRESENTATION

5 and 25 kg containers

#### PRECAUTIONS

Danger

**Hazard statements:** Ox. Sol. 2: H272 - May intensify fire, oxidiser. Acute Tox. 4: H302 - Harmful if swallowed. Aquatic Chronic 1: H410 - Very toxic to aquatic life with long lasting effects. Eye Irrit. 2: H319 - Causes serious eye irritation. STOT SE 3: H335 - May cause respiratory EUH031: Contact with acids liberates toxic gas. EUH206: Warning! Do not use together with other products. May release dangerous gases (chlorine). EUH401: To avoid risks to human health and the environment, comply with the instructions for use

**Precautionary statements:** P210: Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. P261: Avoid breathing dust/fume/gas/mist/vapours/spray. P280+P264: Wear protective gloves/protective clothing/eye protection/face protection. Wash thoroughly after use. P270: Do not eat, drink or smoke when using this product. P273: Avoid release to the environment. P370+P378: In case of fire: Use ABC powder extinguisher to extinguish. P391: Collect spillage. P403+P233+P102+P405: Store in a well-ventilated place. Keep container tightly closed. Keep out of reach of children. Store locked up. P501: Dispose of contents/container in accordance with local/regional/national/international regulation. Do not ingest. Keep out of the reach of children. In case of accident, consult the Medical Service of Toxicological Information Tel. 0034 915 620 420.

**Contains:** 97 % Symclosene and 2 % Boric acid.

#### ADDITIONAL INFORMATION

While the above information is correct to our criteria, as the conditions of use of the product are beyond our control, we disclaim any responsibility for incorrect use of the product.
