

Data sheet

# **KLESING VS**

Vinyl polisher

#### CHARACTERISTICS

It's a product specially formulated for cleaning, maintenance and polish stainless steel and other surfaces. It has multipurpose character and effective in multitude of surfaces: Formica, varnished wood, aluminium, plastics, etc. It dries quickly avoiding the formation of veils, nourishing the surfaces and conferring a brilliant and warm aspect.

# HOW TO USE

Spray it on a cloth, sponge or cellulose and then rub until the desired brightness.

# PHYSICAL AND CHEMICAL PROPERTIES

| Appearance     | Transparent liquid                        |
|----------------|---|
| Colour         | Colourless                                |
| Odour          | Dissolvent                                |
| pН             | Non-applicable                            |
| Density (20°C) | 730 kg/m <sup>3</sup>                     |
| Solubility     | Insoluble in water. Soluble in dissolvent |

# PRESENTATION

5 and 10 litres containers

#### PRECAUTIONS
