

LAVAPER QM

Prewash stain remover

CHARACTERISTICS

Stain remover cleaner for textiles. It works with maximum efficiency in the washing processes even with very dirty clothes and at any temperature.

Due to its special formula it is indicated in localized dirt of any kind.

Its use is essential in table linen, tea towels, work clothes, etc., without affecting the colours of the fabrics.

HOW TO USE

Pulverize it on the soiled area or stains before washing, manual or automatic.

With very dirty clothes it is recommended both to prewash and wash, and increase the temperature depending on the composition of tissue.
