

## LAVAPER SELF-1

### Detergent for self-service laundries

#### CHARACTERISTICS

Perfumed liquid detergent with great moisturizing and degreasing power and high performance. With special formulation for self-service laundries, it can also be used for hand washing, being indicated for the washing of all types of fabrics, even delicate and both white and coloured.

Due to its high concentration, it is effective in short wash cycles, in waters of any hardness and at low temperature, taking into account that the higher the temperature, the more effective it is in cleaning rebellious spots.

Leave clothes clean, deodorized, with a soft touch and pleasantly perfumed.

#### HOW TO USE

LAVAPER SELF-1 is used as a complete detergent in washing systems with automatic dosing or in manual washes.

Dose per kilo of dry clothes in automatic washing depending on the hardness of the water and dirt to be removed: Soft water of 6 to 15 ml / kg - Hard water of 8-25 ml / kg.

In manual washes dilute from 5 to 15 ml per liter of water, according to degree of dirt and water hardness.

#### PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Liquid
Colour	Pink
Odour	Floral
pH	8
Density (20°C)	1015 kg/m <sup>3</sup>
Water solubility	Easily soluble in water

#### PRESENTATION

Containers of 5, 10 and 20 litres

#### PRECAUTION

**Hazard indications:** Aquatic Chronic 3: H412 - Harmful to aquatic life with long lasting effects. Eye Dam. 1: H318 - Causes serious eye damage. Skin Irrit. 2: H315 - Causes skin irritation. EUH208: Contains 1- (1,2,3,4,5,6,7,8-Octahydro-2,3,8,8-tetramethyl-2-naphthyl) ethan-1-one, Mixture of: 5-chloro-2- methyl-2H-isothiazol-3-one and 2-methyl-2H-isothiazol-3-one (3: 1). May produce an allergic reaction.

**Cautionary advice:** P264: Wash thoroughly after handling. P280: Wear protective gloves/protective clothing/eye protection/face protection. P302+P352: IF ON SKIN: Wash with plenty of soap and water. P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P310: Immediately call a POISON CENTER or doctor/physician. P501: Dispose of contents/container in accordance with the regulations on hazardous waste or containers and packaging waste, respectively. Do not ingest. In case of accident, consult the Medical Service of Toxicological Information Tel. 0034 915620420.

**Substances that contribute to the classification:** Alcohols, C12-15, branched and linear, ethoxylated; Potassium dodecylbenzenesulfonate.
