

## LUBACIN C-50

Oxygenated non-foaming  
cleaner and deodorizer

### CHARACTERISTICS

LUBACIN C-50 is an effective non-foaming oxygenated deodorizing cleaner with a base of hydrogen peroxide indicated for the treatment of surfaces, equipment and CIP circuits.

Due to its high efficacy with the remains of organic matter and biofilms it is a great product for Food Hygiene in general and for CIP circuits in: beverages, dairy industry, beer industry and other liquids in the sector. Due to its high oxidizing power, it is an excellent deodoriser with properties for the elimination of dirt, without affecting stainless steel when it is applied at the recommended dosing.

Because of its easy rinse, it avoids food products to keep chemical remains and is indicated for any water hardness.

### HOW TO USE IT

Before applying you must deeply clean the surface or equipment to treat, applying afterwards through a sprayer, immersion or recirculation the product diluted in water with a concentration of 0,1 to 0,5% and contact time of 10-15 minutes, raising the efficacy with the increase of the temperature. Rinse properly with drinking water the treated area before using them again.

### PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Transparent liquid
Colour	Colourless
Odour	Characteristic
pH pure	3
Density (20 °C)	1200 kg/m <sup>3</sup>
Solubility	Easily soluble in water

### PRESENTATION

10 and 20 litres containers

### PRECAUTION

Danger

**Hazard statements:** Eye Dam. 1: H318 - Causes serious eye damage. Skin Irrit. 2: H315 - Causes skin irritation. STOT SE 3: H335 - May cause respiratory irritation.

**Precautionary statements:** P280: Wear protective gloves/protective clothing/eye protection/face protection. P302+P352: IF ON SKIN: Wash with plenty of water.
