

## Perfume TECHNO AMBIANCE

Concentrated perfume  
Manual spray

### CHARACTERISTICS

The concentrated perfume TECHNO AMBIANCE for Scent Marketing is formulated in order to awaken emotions and feelings, using the sense of smell as a new channel of communication, much more powerful and effective than sight or hearing.

It is formulated with a high content of essential oils of great quality and has a great persistence. Likewise, in the careful selection of its fragrance has been taken into account the adaptation to any type of establishment, creating pleasant environments that are a complete sensory experience and promote social relationships.

**Olfactory family:** Fougère.

**Notes:** Exit to pear, grapefruit, tangerine and red berries, with bergamot, lavender, jasmine and laurel on the body and background of tonkas, orange blossom, moss, patchouli, sandalwood and ambergris.

**Sensory perception:** Fresh, exclusive and high-value masculine perfume, with a lot of personality and class in all kinds of environments and local.

### HOW TO USE

The TECHNO AMBIANCE perfume is used with manual spray in all types of establishments or environments and if necessary can also be used to reinforce the aromatic intensity of the super concentrated TECHNO INTENSE perfume used in some of our aroma diffusers.

Spray the product directing the shot upwards to facilitate the dispersion of the fragrance, the indicated dose being conditioned by the volume of the room and the desired aroma intensity.
